

MANUMED OPTIMAL 2-SECTION, BACK SECTION

Most comfortable treatment couches ever

The Manumed treatment and examination couch for everyone. The large back section makes this couch a combination of adjustability and sitting comfort. You can change from lying face up to sitting without any need for the patient to get off. This makes this couch popular not only with physiotherapists, but also with medical practitioners and aestheticians. This Manumed offers them an unrivalled examination couch in their practice or studio.

Now with new features:

- Increased load capability (up to 200 kg, used to be 150 kg)
- Increased lifting speed by 30%
- Optional, an extra heavy motor that allows for 250 kg lifting capacity
- Improved positioning of the handgrips, making the couch more intuitive
- New upholstery material. Other than the upholstery offered by most competitors, our upholstery is approved for medical use. It is bio-compatible, flame-retardant and urine- and blood resistant.
- New frame with a contemporary design, being both elegant as well as robust

NEW

Manumed Optimal 2-Section, back section advantages:

- Extra large back section makes this product the ideal examination couch
- Easy change from sitting to lying position with gas spring support
- Standard wheel raising mechanism for easy movement of the couch
- Height can be adjusted hydraulically (no mains lead needed) or electrically (very convenient, smooth and quick)
